

ALASKA

BETTING TERMINAL

The traditional Alaska is more than just a Multiplayer system, it's also a Multigame machine.

Alaska is a touch-betting terminal intended to allow gamblers betting on live Roulette wheels remotely from slot area (or another area) inside the casino. Such gaming machine is a good solution for those gamblers wishing to try the atmosphere of live Roulette without leaving slot area without disrupting their own privacy. This way more gamblers will be involved in live game. Beside live wheels Alaska can be also connected to Automatic Roulette wheels. The traditional Alaska is more than just a Multiplayer system, it's also a Multigame machine. Beside the Roulette multi-wheel interface (the gambler can bet on up to 4 live wheels), It can be equipped with 8 card games.
